GUIDELINES IN SELECTION OF RECIPIENTS

George Fischer Scholarship

1. Student academic records should be the prime consideration in selecting the semi-finalists. Courses taken and grades received should be considered.
2. School activities, community activities and work experience should be considered as a block and a total of 15 points should be distributed among the three areas.
3. The essays that the applicants write should be evaluated as to how the student expresses himself/herself and not as to the specific topic chosen.
4. Financial needs may be considered in selecting the winners. Such things as other awards, number of children, how many pursuing advanced education and total family income should be considered.
5. The finalists shall be presented their awards at the DMEA Representative Assembly on May 7, 2026.
